

International Conference "Science and Practice in Forest Ecology"

Institute of Dendrology, Polish Academy of Sciences
18-20 May 2020, Kórnik, POLAND

**We cordially invite you to participate in the International Conference
"Science and Practice in Forest Ecology" organized by the Institute
of Dendrology, Polish Academy of Sciences.**

The aim of the Conference will be to discuss the results of research in the field of forest ecology, including changes in forest ecosystems at local, regional and global level. The conference is addressed to young researchers representing the fields of evolutionary biology, functional ecology, mycology, reproductive biology, invasion biology and conservation genetics who will get the opportunity to present the results of their research and also to develop research skills under the guidance of experienced scientists and practitioners during the training session. The Conference will also facilitate sketching future directions and perspectives of studies, including interdisciplinary research, as well as allow establishing cooperation with researchers from different scientific institutions.

Prof. Andrzej M. Jagodziński
Director of the Institute of Dendrology
Polish Academy of Sciences
