

Fig. 1. *Rubus adornatus* – leaf (5.07.2014, in the vicinity of Hranice village, locality cited in text in detail, phot. J. Velebil)

Fig. 2. *Rubus adornatus* – detail of first-year stem with prickles (8.09.2013, the same locality, phot. B. Trávníček)

Fig. 3. *Rubus adornatus* – detail of first-year stem with prickles (5.07.2014, the same locality, phot. J. Velebil)

Fig. 4. *Rubus adornatus* – inflorescence (5.07.2014, the same locality, phot. J. Velebil)

Fig. 5. *Rubus adornatus* – flowers (5.07.2014, the same locality, phot. J. Velebil)

Fig. 6. *Rubus adornatus* – general view of habitus (5.07.2014, the same locality, phot. J. Velebil)

Fig. 7. *Rubus ambulans* – leaf (5.09.2013, in the vicinity of Krabolovice village, locality cited in text in detail, phot. B. Trávníček)

Fig. 8. *Rubus ambulans* – leaf (5.09.2013, in the vicinity of Nasavrky village, locality cited in text in detail, phot. B. Trávníček)

Fig. 9. *Rubus ambulans* – leaf (5.09.2013, the same locality, locality cited in text in detail, phot. B. Trávníček)

Fig. 10. *Rubus ambulans* – detail of first-year stem with prickles (5.09.2013, the same locality, phot. B. Trávníček)

Fig. 11. *Rubus ambulans* – first-year stem with leaves (5.09.2013, the same locality, phot. B. Trávníček)

Fig. 12. *Rubus ambulans* – infructescence (5.09.2013, the same locality, phot. B. Trávníček)

Fig. 13. *Rubus fasciculatiformis* – leaf (5.07.2014, in the vicinity of Hranice village, locality cited in text in detail, phot. J. Velebil)

Fig. 14. *Rubus fasciculatiformis* – leaf (6.09.2013, the same locality, phot. B. Trávníček)

Fig. 15. *Rubus fasciculatiformis* – first-year stem with leaves (5.07.2014, the same locality, phot. J. Velebil)

Fig. 16. *Rubus fasciculatiformis* – detail of first-year stem with prickles (6.09.2013, the same locality, phot. B. Trávníček)

Fig. 17. *Rubus fasciculatiformis* – inflorescence (5.07.2014, the same locality, phot. J. Velebil)

Fig. 18. *Rubus fasciculatiformis* – flowers (5.07.2014, the same locality, phot. J. Velebil)

Fig. 19. *Rubus perlongus* – leaf (5.07.2014, in the vicinity of Horní Luby village, locality cited in text in detail, phot. J. Velebil)

Fig. 20. *Rubus perlongus* – leaf (6.09.2013, the same locality, phot. B. Trávníček)

Fig. 21. *Rubus perlongus* – first-year stem with leaves (5.07.2014, the same locality, phot. J. Velebil)

Fig. 22. *Rubus perlongus* – detail of first-year stem with prickles (6.09.2013, the same locality, phot. B. Trávníček)

Fig. 23. *Rubus perlongus* – infructescence (6.09.2013, the same locality, phot. B. Trávníček)

Fig. 24. *Rubus perlongus* – flowers (5.07.2014, the same locality, phot. J. Velebil)

Fig. 25. *Rubus stohrii* – leaf (22.08.2014, in the vicinity of Stružnice village, locality cited in text in detail, phot. B. Trávníček)

Fig. 26. *Rubus stohrii* – leaf (22.08.2014, the same locality, phot. B. Trávníček)

Fig. 27. *Rubus stohrii* – first-year stem with leaves (22.08.2014, the same locality, phot. B. Trávníček)

Fig. 28. *Rubus stohrii* – detail of first-year stem with prickles (22.08.2014, the same locality, phot. B. Trávníček)

Fig. 29. *Rubus stohrii* – infructescence (22.08.2014, the same locality, phot. B. Trávníček)

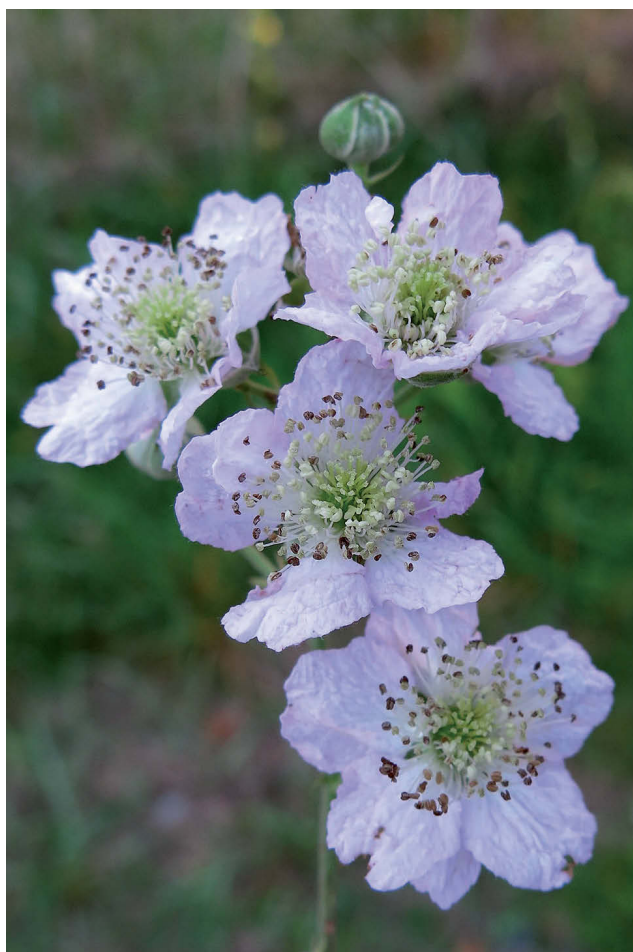

Fig. 30. *Rubus stohrii* – flowers (22.08.2014, in the vicinity of Zahradky village, locality cited in text in detail, phot. B. Trávníček)
